

Childlike Heart, Inc.

"Setting the stage for biblical training & individual achievement"

Dear Prospective Partner,

With God as our #1 Partner, we have accomplished the amazing task of building our own Words from a Childlike Heart Bible App, introducing our animated characters, *Theo & Izzy the Word Seekers*. As a great achievement, we also have the accompanying Storybook as our fifth book release. Words can't express how grateful we are for being divinely connected with our talented Bible App team, some who have been with us since our launch in 2014. This is another venture that will tremendously impact lives internationally. It's a great feeling to know that we are succeeding in the publication, music, and now technology industry.

As a parent, teacher, and Quality Assurance Engineer, I am cognizant of the rapid and necessary strides we must take to nurture and educate our children, as technology continues to evolve. We are currently presenting a new, creative and innovative approach to meet the spiritual needs of the youth. We want to partner with you and combine our resources to revolutionize the way children learn and make them well-informed and productive members of our communities.

Like the widow in our poem, *More Than Enough*, and Jesus feeding the multitude in *Food for Everyone!*, God is multiplying our few resources to sustain our vision. Can you imagine our unlimited potential when we begin to receive donations amounting to hundreds, thousands, millions, and yes...billions of dollars? With God all things are possible!

We would love for you to partner with us to help achieve our goals. There are many ways you and/or your company, ministry, church, or school can make a contribution that will aid us to effectively share the Bible with children all over the world. Our most important needs are: (1) Prayer, (2) Financial Investments, and (3) Time and talent you can share with us.

It will be a pleasure if you introduce yourself to us. Upon contacting us with your capability to connect, we look forward to providing more information about our future projected plans and exciting project scope through a professional and contractual agreement. Let us embark on a mutually beneficial and prosperous partnership as, "We're Changing the Way Kids Learn the Bible."

Thank you for your consideration of this request.

Sincerely,

Vicky Elizabeth Lynch
Founder & Director

HOW CAN YOU HELP?

The Technical Analysis Team examines and evaluates the kid-friendly ideas and concepts by the Creative Directors and Product Manager. Please send your credentials and help us fill the following positions:

Requirements Analyst: Solicits input from stakeholders and communicates their needs and conditions.

Business Analyst: Scopes the system, spells out the project details and requirements, and studies all platform analytic.

Technical Writer: Formats the Storybook and creates instructional manuals that organize complex materials for easy reading and understanding.

Software Tester: Tests, validates code, and shares defects with the Product Manager to pass on to the Development team.

UI/UX Designer: Works closely with our illustrator to make user interaction sophisticated, effective, and fun.

Project Public Relations Chair: Promotes the system and generates interest in the product.

Technical Support Associate: Gives user-friendly assistance for individuals having technical problems with electronic devices.

SOW A
SEED

“Then Isaac sowed in that land, and received in the same year an hundredfold: and the LORD blessed him.” ~Genesis 26:12, KJV

One of the reasons why our organization is blessed is because we give. In June 2016, we partnered with the E.R.E.C. ministry at New Covenant Church of Philadelphia and gave a small, but generous donation to a kindergarten child. Our vision to sow into others and thrive as a creative and innovative children’s organization takes finances. We know that the seed you sow into us will yield you a great harvest also.

We are diligently working in the following sectors: (1) Publication, (2) Music, and (3) Technology.

Your Contribution Will Help Us:

1. Fund our future projects, which includes publishing more children’s books, working on our next CD project, and updating/maintaining our Bible app.
2. Increase our scholarship giving.
3. Adopt a children’s ministry, which we are currently vetting. We partnered with them to share our literature and already know they have a need for a laptop. Won’t that be great if we can afford to give them one? That’s the kind of vision we have.

Please consider making a contribution. You may give by mailing a check or money order to our P.O. Box or online through our PayPal account.

“The prayer of a righteous person has great power as it is working. ~James 5:16, ESV

Are you a prayer warrior? Do you have the gift of faith? Would you like to agree with the kingdom work we are doing? If you answered, “Yes!” to any of those questions, we want to partner with you in prayer. As you are witnessing, we have an ambitious vision that we’re trusting in God to bring to fruition.

Please make a commitment to pray for our ministry. Thank you!

Let's
Pray!

Write. Teach.

If you have a passion for writing and teaching, you are welcomed on our team. We are combining mastery of the English language and Biblical Studies to write fun poetry for children. All writing must be in poetic form with rhyme, rhythm, and pattern. Even if you don’t have perfect writing skills, we work with a great editor who’s been with us since the beginning. We strongly encourage discipline, reading comprehension, critical thinking, active learning, attention to detail, creativity and originality, adaptability, and good written/oral communication skills. Please send your credentials and help us fill our writing and teaching positions.
